

Decorated Pillowcases

Everyone loves seeing day-brightening messages and pictures, so why not put them on their pillowcases? These pillowcases not only protect the pillows; they aid in bringing a smile to a child's face. Seeing the love that someone put into decorating the pillowcase will show a child that they are thought of and supported. Help brighten the day by decorating pillowcases!

Ideas for pillowcases:

We encourage you to get creative with your pillowcases! Think about what you yourself would love to have waiting for you as you crawl into bed after a long day. A few ideas to get you started, feel free to keep it simple or be as artistic as you wish!

Instructions for pillowcases:

Purchase standard-sized, white, zippered pillowcases and use fabric markers.

Out of respect for the varying religious beliefs and cultural backgrounds of our guest families, we ask that messages and designs not be religious in nature.

Please make sure *RMH* or *Ronald McDonald House* is written somewhere on the pillowcase.
