

Create Individually Bagged Craft Kits

Craft kits are given to kids to do in their guest rooms at the House, the clinic, hospital, or in their hotel rooms. Craft kits can be geared to a number of different ages. We welcome any quantity and variety of kits. We encourage creativity!

- Do **not** include any slime, permanent markers, or paint, or any religious messaging.
- Be sure to include the instructions and any additional supplies needed (pipe cleaners, googly eyes, etc.) in each kit. Paper can be pre-cut into shapes needed.

Some examples:

- Paper plate crafts –
- Toilet paper roll crafts
- Make your own wand kits
- Popsicle stick crafts
- Animal crafts
- Etc.
